

4 panel DVD DigiPak with one clear tray

NOTE: Depending on the type of plastic Digi-tray available when we run your order, the disc recess in the Digi-trays may be located in the center of the tray, or about 3/8" below center. If you are wanting your artwork to align with the disc recess, please contact us for details.

BLEED LINE LEAVE MINIMUM
1/8" ALL AROUND BOX.

PRINTED SIDE UP

CHECK LIST

Reference the "Prepress Tips" page from our "Developer's Spec Kit" (available on our web site).

COLORS

Use only Process colors (CMYK) and/or Pantone spot colors from the "Pantone Formula Guide SOLID". (Note: there is a set-up fee for each Pantone color used. If you want to print with Pantone colors, please call for a custom quote.)

BLEED

Provide 1/4 - 1/2 inch bleed on all edges. ("Bleed" is the part of the artwork which extends past the template cut line.)

QUARK USERS:

Will need to set template picture box fill color to NONE.

The DVD logo is an international trademark. CD-ROM-WORKS is a registered trademark. Incorrect usage of the DVD Logo is not permitted. The DVD Logo is licensed to use the DVD Logo and complies with the following specifications:

- >> No deviations of the above DVD Logo and its additions may be used. (Different colors within the logo are not permitted.) The minimum size is 4mm.
- >>The DVD logo may be reduced in size, but must maintain the same relative positions and proportions of the elements.
- >>If a positive or negative version of the logo is used, the color and intensity must be uniform.
- >>No other graphical elements may be added to the logo. The DVD logo may not be enclosed in a border, box or frame, nor may any text be added.
